

There have been no lights or car service on account of the electric power. Water has been running in the mains in a few parts of the city and the pressure is at these places. Jitneys have

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. The left edge of the page is bound, showing the inner hinge and some stitching. The overall tone is a warm, off-white or light beige.

ORDERS INQUIRY INTO "BIG GAMES" ON EAST SIDE

Circuit Judge Crow at Belleville Tells Grand Jurors to "Wipe Stain From St. Clair County."

Judge Crow, in the Circuit Court at Belleville, today instructed the September grand jury to investigate the "big gambling games" being conducted in East St. Louis and Brooklyn, Ill., and by invoking the law against these places "remove this stain from the name of St. Clair County."

He said he gave similar instructions to the January grand jury, but that that body returned indictments only against the petty gamblers, and now he wants a full investigation of the big gamblers.

Tells of Those Fleeing.

He pointed out that gambling was a serious crime and that victims were being fleeced, according to report, of sums ranging from \$25 to \$2500 in the big games in East St. Louis and Brooklyn, and he said that anyone standing at the east end of the McKinley bridge would see the "stream of victims" being hauled to the gambling establishments in automobiles provided by the gamblers.

As an evidence that gambling at Brooklyn was being conducted on a large scale, Judge Crow pointed out, one establishment was reported to have been robbed while the game was in progress of a sum estimated at \$15,000 to \$40,000, and that he has heard that the other gambling houses are now operating with armed guards to repel robbers while the gamblers themselves are fleeing their victims.

Says Handbooks Flourish.

Racing handbooks, he said, are flourishing in East St. Louis and the operators are being fined \$10 and \$15 from time to time in Justice of the Peace Courts, which have no jurisdiction in such crimes. He told the grand jury that operating a handbook is punishable by one year in prison or a fine of \$2000, or both.

Many anonymous letters, some of them pitiful, have been received by the authorities from wives whose husbands have lost money at gambling that should have been used for food, Judge Crow said, and it was time this "stain in the nostrils of the community" had been eliminated.

F. M. Sheppard of Brooklyn was named foreman of the jury.

SAN ANTONIO DEAD NOW 49; FLOODS AFFECT 20 COUNTIES

Reports Gathered in Houston Show Brazos, Colorado, Little and San Gabriel Rivers Have Left Banks—Property Damage Estimated at \$10,000,000.

SAN ANTONIO AT WORK CLEANING UP

Water Supply and Electric Power Expected to Be Restored Today—Red Cross Aids in Relief of Sufferers.

By the Associated Press.

HOUSTON, Tex., Sept. 12.—Fully a score of counties along the Brazos, Colorado, Little and San Gabriel rivers have felt the effects of the worst flood in years, with property loss of probably as much as \$10,000,000 and a loss of nine lives known and many missing during the last 24 hours, according to reports gathered here.

A report early today of a three-foot fall at Hearne led to the belief that the waters were receding.

The greatest damage seems to have been centered around Robertson, Milam and Bastrop counties, where a total of \$6,000,000 estimated damage is reported. It is in this section that eight are known to have drowned and several are missing.

A message from Wharton last night reported that the Colorado River was rising five feet an hour and that residents of the lowlands were fleeing.

Guy Frazier, 17 years old, of Glen Flora, a few miles above Wharton, had been drowned and several others were marooned and their situation was precarious, the message said.

San Antonio at Work Cleaning Up Mud After Flood.

By the Associated Press.

SAN ANTONIO, Tex., Sept. 12.—Debris, damaged property and rehabilitation work are the principal reminders of the five hours' flood here early Saturday. Business outside the inundated districts and sections where work of cleaning was practically completed yesterday, is almost normal today. Removal of debris, mud and oil continues in other districts.

Finding today of bodies of a man and woman, both unidentified, brought the newspaper known death list of the Saturday flood to 49. The body identified yesterday as that of Mrs. Rodriguez today was said to be that of Mrs. Guadalupe Escobedo, 18 years old, of 317 North Medina street.

A few instances of the same body being designated under two names have occurred. Checking up the list and search for more bodies continues.

Many funerals were held yesterday and more took place today.

Early reports today from along the San Antonio River south of here failed to indicate loss of life. The river widens within 20 miles of San Antonio and is said to be capable of easily carrying more water than flooded San Antonio, without causing more than property damage.

Less Than 8 Inches of Rain.

The official record of the rainfall showed less than eight inches in San Antonio. An unofficial report from the basin which is the head of Olmos Creek, received here today however, was that more than 18 inches of rain fell in that vicinity Friday night.

The creek, ordinarily dry and harmless, has been considered as the cause of the start of the flood. It has its source in a basin and flows into the San Antonio River just above the city. The sudden rush of water through it, combined with that flowing into the river from San Antonio and small streams, was too much for the river to carry.

High Water at Other Points.

Night reports from Falls City and Goliad, both on the San Antonio River, were to the effect that the water was high but no loss of life had been heard of. There had been some damage to crops in the lowlands but nothing serious had been reported to the two cities.

The efforts of the rescuers yesterday were confined principally to recovering bodies and clearing the marooned having been completed.

Hundreds of Mexicans and the poorer people who lived along the Alazan are homeless and were given a distance by the relief headquarters established in a downtown building.

City in Crippled Condition.

The fact that most of the bodies recovered have been fully clothed shows that the victims were either warned or heard the approaching rush of water in time to make preparations to leave.

The city proper has been in a crippled condition since the flood. There have been no lights or street car service on account of lack of electric power. Water has been running in the mains in a few portions of the city and the pressure is weak at these places. Jitneys have been

Flooded Business Section of San Antonio Looking Northwest From an Airplane

doing a big business. However, city officials said yesterday that the water pressure would be turned on by today and it is thought electric current will also be available today.

Damage to the street paving is estimated at approximately \$250,000. This amount is composed almost entirely of wood paving blocks being washed up, smashed to splinters and piled high in the streets. Much of the business section was paved with wood blocks.

Sanitary Precautions.

Every sanitary precaution is being taken to prevent an epidemic and to minimize the effects of the flood on the public health. City Health Officer W. A. King issued an appeal to the citizens to be especially diligent in draining off the waters where mosquitoes might find a breeding place. He is otherwise directing the cleanup work as to the sanitation end.

The cleaning up is proceeding systematically in every part of the business district. Instead of a Sunday afternoon the business district resembled a busy Saturday afternoon.

Proprietors of business establishments—both large and small—and forces of employees were sweeping and brushing out the water and debris, while pumps were put in use to take the water from the basements. Costly office furniture lines both sides of the main streets, with employees diligently scrubbing to remove the dirt and slime. In contrast to the damage to the large establishments, there are the damaged fruit stands, curio shops and smaller establishments. Here and there a lonely man industriously cleans out his small place, aided by his wife, sons or daughters.

A check by City Engineer D. D. Harrigan showed that 13 of the 27 bridges spanning the San Antonio River are practically undamaged. At first it was thought that all but four were damaged, but with the removal of debris and driftwood yesterday, under direction of the city engineer, it was found that 13 are still safe and sound. Only one bridge was washed completely away, the piles being left standing. Others were lifted from their piles and set at different angles on the banks of the river.

The rapidity with which the water receded after the rains stopped is accounted for by the city being at the headwaters of the three streams. With nothing below to retard the flowing away of the water, the flood passed quickly.

Red Cross Aids Sufferers.

Because of the crowds of curiously seekers and others parading through the devastated districts, a rigid restricted area has been roped off and guarded by policemen and soldiers from Fort Sam Houston. The Red Cross and other organizations are giving aid and relief to the flood victims. Bread is passed out to the hungry, while clothing is given to those needing it. Contributions of clothing and supplies by San Antonio citizens poured into the headquarters all day yesterday.

Members of the local American Legion post aided in clearing away the debris and did patrol duty in certain sections of the city. They also aided in recovering bodies.

Mexican families from which a number were missing called at morgues yesterday and in broken English asked about the missing ones. One Mexican and his wife told of seeing their four children swept away by the raging torrent just as they were about to reach a place of safety.

Additional Names of Victims.

Following are names of additional victims identified yesterday:

Fred Jones, infant, address unknown.

Ben Carbo, 42, 1199 Monterey street.

Sara Gossa Sandoval, 5, daughter of L. Sandoval, 121 Quincy street.

Raphael Eleasando, 70, Comal street.

Mrs. Petre de la Garza, 35, McAnkili avenue.

Mrs. Rodriguez, address unknown.

By the Associated Press.

CAMERON, Tex., Sept. 12.—T. W. Leatherberry and Jim Robinson, both of Temple, employees of the Santa Fe Railway, are believed to have been drowned at Cameron yesterday in Little River. The men had inspected a railroad bridge and then attempted to cross the swollen river in a skiff.

Flood waters of Little River at Cameron are rapidly receding.

SAN ANTONIO MAYOR SAYS FLOOD DEATHS WILL NOT EXCEED 50

By the Associated Press.

SAN ANTONIO, Tex., Sept. 12.—The loss of life in the San Antonio flood will not exceed 50 and the loss and damage to property will not exceed \$2,000,000, Mayor O. B. Black said in a statement to the Associated Press today.

"The majority of the reports have been exaggerated," he said, "and estimates have been made without investigation. I am sure that the loss of life and property will come within the figures I have named."

Mayor Black said that the reclamation and relief work was going on rapidly and that the city did not need outside help. He said that the city officials, charitable organizations and other agencies in the city were entirely able to take care of the situation.

"Within the next few days everything will be cleaned up and the only signs of the disastrous flood will be the demolished bridges and houses along the banks of the streams that overflowed," the mayor said.

James Ellis West, Boy Scout, El Paso and Fernando streets.

Eusebia Ramon, 17, 241 Camp street.

Unidentified woman, found near stockyards.

Golf Course and Zoo Damaged.

The municipal golf course near Brackenridge Park was damaged considerably by the flood.

The large zoo at the park lost several of its animals, but not as many as it was feared, because a natural dike protected that part of the park.

The famous collection of horns of Texas longhorn cattle of the Buckhorn saloon was considerably damaged by the flood.

In the same cathedral—San Fernando—which has been said to say mass for Mexicans killed by floods in San Antonio for more than 100 years, solemn high mass will be held Monday morning, Sept. 19, for those drowned Saturday.

30 Mexicans Reported Drowned on Farm Near Taylor.

By the Associated Press.

DALLAS, Tex., Sept. 12.—The following dispatch was received last night by the Dallas News from its correspondent at Taylor:

"Thirty Mexicans were drowned on the farm of J. M. Bowen, 10 miles from here, as a result of the overflow of the San Gabriel River, according to reports received here tonight. The rainfall here Friday was 23.42 inches."

"Bull Creek, in Taylor, overflowed and four buildings were washed away, but no loss of life has been reported. There was much property damage in outlying districts."

Storm Which Swept Trinidad Headed for Coast of Yucatan.

By the Associated Press.

WASHINGTON, Sept. 12.—The tropical storm which last week swept Trinidad, the Windward and other Caribbean Islands with great damage to property, was reported yesterday in advices to the Weather Bureau to be south and southeast of Jamaica. The storm continued to move slowly north and north-westward, which would bring it to the coast in the vicinity of Yucatan.

By the Associated Press.

CAMERON, Tex., Sept. 12.—T. W. Leatherberry and Jim Robinson, both of Temple, employees of the Santa Fe Railway, are believed to have been drowned at Cameron yesterday in Little River. The men had inspected a railroad bridge and then attempted to cross the swollen river in a skiff.

Flood waters of Little River at Cameron are rapidly receding.

PRESIDENT ENDS SEASHORE VISIT WITH GAME OF GOLF

Will Motor to New York and Attend Broadway Musical Show Tonight.

By the Associated Press.

ATLANTIC CITY, N. J., Sept. 12.—An early-morning golf game today was the closing event in President Harding's seashore vacation. After a round on the Sea View Club links, the President plans to motor to New York for an evening at a theater and to board the presidential yacht Mayflower for a cruise en route to Washington.

With a long automobile trip before him, the President arose early today to say goodbye to Atlantic City. Motoring to the golf club for a foursome with Henry P. Fletcher, Under Secretary of State, Senator Frelinghuysen of New Jersey, and George Christian, secretary to the President, the executive is to lunch at the golf club and leave immediately for New York City.

The President had not determined today the extent of his yachting cruise. It was believed probable that, leaving New York harbor early tomorrow morning, he would proceed direct to Washington, but a stop on the coast was among the possibilities. If he should sail direct to Washington he would arrive there Thursday morning.

The President and Mrs. Harding today expressed their pleasure over their visit here, which, it was said, had greatly refreshed the executive.

FRISCO OFFICIALS INSPECT NORTH ARKANSAS RAILROAD

By the Associated Press.

HARRISON, Ark., Sept. 12.—A party of officials of the St. Louis & San Francisco Railroad, which crosses the line of the defunct Missouri & North Arkansas Railroad at Seligman, Mo., is in Harrison today inspecting property of the suspended road.

Members of the party, which consists of Vice President A. T. Hamilton, Chief Engineer F. J. Jonah, P. O. Wood, assistant superintendent of motive power, and C. H. Baltzell, superintendent of the central division of the St. Louis & San Francisco, said they were making the survey for political feud in the ward resulted from the aldermanic election several months ago. Since then nearly a score of men have been killed or injured, without any trace of the perpetrator of the outrages.

At least three roads are said to have made inquiry of corporate officials of the Missouri & North Arkansas Railroad in connection with its proposed sale at auction next month. A delegation from towns along the line also has conferred with a representative of Henry Ford in an effort to interest him in the purchase and operation of the road, which suspended July 31.

PEACE RESTORED IN ILLINOIS FLOOR SPAR MINING DISTRICT

By the Associated Press.

ELIZABETHTOWN, Ill., Sept. 12.—Peace was practically restored in the Hardin County floor spar mining district, yesterday, the first anniversary of the calling of the strike.

Ed Carbine, organizer of the International Union of Mine, Mill and Smelter Workers, has refused to come to Elizabethtown from Harrison to appear before the investigating commission appointed by Gov. Len Small.

The town officials have agreed to withdraw private detectives who have been deputized as Deputy Sheriffs.

Twenty-three striking miners arrived in town, led by John Giehardt, president of their local. They were the first union men seen here since citizens drove out 150 men eight days ago.

STILLS SEIZED, FOUR MEN TAKEN

Liquor Plant Found in Operation in Barn on Farm in County.

Two stills in operation, with a capacity of 150 gallons each, 150 barrels of mash and 25 gallons of whiskey were found by Federal prohibition enforcement agents yesterday afternoon in a raid on a barn on a farm near the Union road and between the Gravois and Lemay Ferry roads in St. Louis County.

Four men were arrested.

Two men who were in the barn when the raid was made said they were Thomas Catalano of 2322 Edward street and Joseph Cardillo of 1404 North Thirteenth street. While the agents were dismantling the stills, two other men drove up in an automobile and were arrested. They said they were Sam and Charles Christina of 5342 Southwest avenue.

PRESIDENT CRITICISES STEAMSHIP AGENTS

Hardships Under Immigration Law Caused by Them, Harding Charges.

By the Associated Press.

NEW YORK, Sept. 12.—Hardships worked by the new restrictive immigration laws apparently are the fault of dishonest steamship agents, declared President Harding in a letter to Representative Isaac Siegel of New York, made public today by the Congressman.

Siegel recently wrote the President seeking executive intervention to have the enforcement of the immigration laws in working many a hardship. My own distress has been very great over some of the specific instances which have been reported to me.

"If I have the situation correctly presented, the difficulty must be charged to the dishonest steamship agents who have brought to this country innocent immigrants in spite of our continued warnings during a period of very great leniency. I know how very persistent have been the impostions which have been made on the Government agents, who have been disposed to be sympathetic and more generous in carrying out the law."

"However, I am sending your letter to the Department of Labor for further information on the subject. I have great confidence in the Commissioner of Immigration and I know that the Secretary of Labor is one of the most human and sympathetic men in all the land. If there are conditions such as you suggest, I feel pretty confident that they are absolutely unavoidable under the law."

14TH KILLING IN CHICAGO FEUD

By the Associated Press.

CHICAGO, Sept. 12.—Five bullets were fired into the back of Frank Ferrario last night as he stood on a crowded street corner in the Nineteenth Ward, the scene of 13 feud murders in the past few months. He today continued the inquest until 9:30 a. m. tomorrow, for further police investigation.

A Beck, 2187 Natural Bridge avenue, and Louis Leaser, 3721A Kosuth avenue, who were at Beck's home, a short distance from the scene, testified that Beck was shot and found Krings sitting on a bench unconscious. They said a man and woman who were sitting on another bench about 100 feet from where Krings sat, told them Krings was shot by a man in a dark suit, who walked directly up to him, fired and then ran northward through the park and escaped. Neither Beck nor Leaser knew the names of this couple.

County Speeders Fined.

W. J. Hopkins of 2754 Lindell boulevard and Howard O'Neal, of 3226 Waterman avenue, were fined \$1 and costs each in Clayton today on charges of automobile speeding.

A Deputy Constable was at the Rigolotto Inn on the North and South streets last night, when Hopkins and O'Neal stopped there with automobiles. Their conversation indicated they had been racing and he heard them banter each other to continue the race. When they left the inn he followed them in his machine and arrested them in Clayton. He reported they were driving 40 miles an hour. They pleaded guilty.

PREDICTION OF BAD LUCK FROM A DARK WOMAN COMES TRUE

Street Car Conductor Misses \$10 After Talk With Gypsy and Has Her Arrested.

Normal Staples, 23 years old, a street car conductor, of 6900 Olive Street road, University City, was strolling past a gypsy camp at Ferguson avenue and Olive Street road yesterday afternoon when a young gypsy woman offered to tell his fortune. He assented and she put her hand in one of his trousers pockets for good luck. She then told him he would have cause to regret having met a dark woman.

It came true before he had gone a block, when he put his own hand in the same pocket and found that all his good luck was bad luck, a \$10 bill being no longer there. He had the dark woman arrested. She said her name was Emil George, 24 years old, and at first she denied that she knew anything about Staples' \$10 bill, but when the University City police threatened to lock her up she gave the money back. She was released on bond.

INQUIRY INTO KRING DEATH
HELD OPEN UNTIL TOMORROW

Coroner's Jury Waits for Further Police Investigation of Shooting in Park.

A Coroner's jury investigating the death of William J. Krings, 47 years old, of 3941A Greer avenue, who was shot in the heart yesterday evening in Fairground Park by a man who escaped northward through the park, today continued the inquest until 9:30 a. m. tomorrow, for further police investigation.

A Beck, 2187 Natural Bridge avenue, and Louis Leaser, 3721A Kosuth avenue, who were at Beck's home, a short distance from the scene, testified that Beck was shot and found Krings sitting on a bench unconscious. They said a man and woman who were sitting on another bench about 100 feet from where Krings sat, told them Krings was shot by a man in a dark suit, who walked directly up to him, fired and then ran northward through the park and escaped. SPIKER AND BROTHER'S "WAR BRIDE" SEPARATE

Maryland Man Married Emily Knowles, English Girl, When Relative Returned to Family.

By the Associated Press.

BALTIMORE, Sept. 12.—The romance of Mrs. Emily Knowles Spiker, which created a sensation when, as the mother of Perley Spiker's child, she came to America from England to wed his brother, Guy Spiker, has been shattered. Mrs. Spiker has disappeared.

The child, which had been adopted by Perley Spiker's wife when she forgave her husband for his infidelity while with the American army overseas, is at the home of the Perley Spikers.

The English girl left her home several weeks ago, according to her husband, leaving a note saying she no longer cared to live with him.

"She went of her own free will," said Guy Spiker, "and she can stay." Guy Spiker has been out of work for some time. For more than a month it is understood Mrs. Spiker had been employed at a military camp.

IRISH DECLARED OFFICIAL LANGUAGE OF DAIL EIREANN

By the Associated Press.

BELFAST, Sept. 12.—Irish has been declared the official language of the Irish Republican Parliament, declared Pierce Beasley, a prominent Republican, yesterday, in addressing the Waterford Gaelic festival. He stated that when the Dail Eireann controlled its own Government it would no longer allow an English education board to officiate, but would start to make Irish the spoken and written language of Ireland from the center to the sea.

"The Dail Eireann," he continued, "will make Irishmen out of the sons of Spaniards or Englishmen, and has even made Irishmen out of Orangemen."

This remark, in which was seen application to Eamonn de Valera, who was born in America, evoked peals of laughter.

YOUTH ACCUSED BY CHILD

A St. Louis County Deputy Sheriff started for Detroit today to bring back Gerald Phillips, 19, of Overland, charged in a warrant with having mistreated Charlotte Ditchen, 4-year-old daughter of Mrs. Margaret Ditchen of Overland, Sept. 3.

The child was on her way to a store when a man forcibly carried her into the basement of a church. Later she identified Phillips. He denied the accusation. Last Wednesday a warrant charging him with assault was issued. He went to Detroit before it could be served.

STIX, BAER & FULLER GRAND LEADER

Anniversary Sale Feature Beginning Tomorrow—Two Carloads of "Eclipse" Auto Tires

Will Be Offered at Exceptionally Low Prices

WE were very fortunate in securing these high-grade Tires, and because of the special price concession made by the manufacturers we are able to offer them to our patrons, as an Anniversary Sale feature, at prices that will "eclipse" all previous Tire offerings.

Fabrics Guaranteed 6000 Miles
Cords Guaranteed 8000 Miles

Expert construction, long-wearing qualities and high-class appearance are embodied in Eclipse Tires. They are perfect Tires from bead to tread.

Eclipse Fabric Tires

Size 30x3, at \$7.95 | Size 30x3½, at \$8.95

GRAND-LEADER

29th Anniversary Sale

**The Anniversary Sale of
Apparel of Finer Qualities**
Displays Extraordinary Values in
Suits—Coats—Dresses
At \$29 \$39 \$49

Smart Suits at Sale Prices

THE season's newest materials, in all the most favored Autumn colorings are included, and the sizes range from 34 to 48½.

Fashion has outdone herself in creating this display of smart tailors and elaborately fur-trimmed suits which have been assembled in our Apparel Section for our Anniversary Sale. Economy has run her a close second, for the remarkable values presented offer exceptional opportunities for saving.

Many of the models are exact and careful copies of imports, elaborately embroidered, lavishly fur trimmed or severely tailored, fashioned to accord with the highest expectations of the most fastidious wearer.

Sale Wraps Are Plainly Superior

The double enthusiasm of fresh, new, early season merchandise, and the tremendous preparations for the Anniversary Sale has resulted in a presentation of Wraps capable of arousing admiration in the most disinterested of individuals, both for their exquisite designs and attractiveness of price. They are fashioned of the season's newest deep piled materials, luxuriously fur trimmed or plainly tailored, in the new shades of Volnay, Nolay, Zanibar, navy and black, and may be had in all sizes.

Dresses Prove the Merit of the Sale

EVERY occasion, every type of individual represented in every mode of life will find an appropriate style of Dress in this sale. In Dresses, where material and design have unbounded sway, the limitations and excellencies of a sale of outer garments are most evident. So it is with special pride in our merchandising prowess that these Dresses are presented.

Georgette Blouses
No Credit to This Value-
Giving Sale
At \$7.29

It will be an extra satisfaction to find that at this remarkably low price you have the choice of several most desirable styles in dainty fabric of fine quality. Adorned with real fillet, real fish, or handwork combined with Val. trimming. These waists come in white, flesh and beige Georgette of fine quality. Peter Pan or Tuxedo styles, as well as the collarless types, are charming in regulation waist style, and in tie-back and over-blouses.

**15-Jewel Bracelet
Watches at \$10.95**

THESE come in 20-year gold-filled American cases, in a choice of round, cushion or octagon shapes with plain or engraved bezel. They may be had with extension or ribbon bracelet, and are guaranteed to be reliable timekeepers. An Anniversary offering of exceptional merit.

Pure Silk Sweaters
A Remarkable Value at \$22.50

It was a triumphant success—our effort to secure pure Silk Sweaters in smart styles at savings worthy of our Anniversary Sale. The Tuxedo Sweaters we offer at this price are truly extraordinary values. Every size from 34 to 46, in brown, navy, black, Mohawk and purple, is shown in regulation lengths. EXTRA SIZES—Each style in every color is shown in sizes 48 and 50 at the same price.

Children's Shoes
Boys' Gym Shoes
\$1.59 Pair

MADE of brown canvas, with rubber soles and brown rubber trimming. All sizes to 6.

Infants' Dress Shoes
With hand-turned soles. In patent leather, button style, with cloth tops. Sizes 1 to 5, without heels, \$1.59 pair. Sizes 4 to 8, with spring heels, \$1.79 pair.

The Importance—

Of an occasion can best be measured by the degree of public interest manifested, and public interest cannot be aroused year after year in any event unless there is something substantial back of it to interest the public. Desirable and serviceable merchandise in broad scope at decidedly low prices are the objectives of the Anniversary Sale and the vast interest manifested is evidence of their fulfillment.

STIX, BAER & FULLER.

High-grade Footwear in the season's most desirable styles, including walking Oxfords and strap pumps; of dark brown dull leather and suede. All have low walking heels and are very smart looking for both street and dress wear. (Downstairs Store.)

1180 New Fall Blouses

A Beautiful Group of High-Grade Samples

Values Extraordinary \$3.29

THESE Blouses are of a type far superior to that usually found at this price. They are samples, and in some cases imperfect. The blemishes, however, are very slight—pulled thread, a tiny spot, or a missing button.

Beaded and hand embroidered Blouses of Georgette and crepe de chine, as well as Blouses of a tailored type, are found in tie-backs and regulation waist styles. Black, white, flesh and the Fall suit shades—navy, brown, Copenhagen, Mohawk, bisque, etc., are shown, in sizes 36 to 46, and some extra sizes up to 50.

Owing to the fact that most of them are samples, there is a large variety of styles, with only one or two of a kind. (Downstairs Store.)

Every Requirement

—for the home or for personal use can be purchased in the Anniversary Sale at an advantageous price. It is this feature of the sale that makes it of such widespread interest, causing the people who are familiar with this occasion to anticipate their merchandise requirements as far ahead as the holidays—the savings effected are liberal rewards for their foresight.

PRIMARIES IN NEW YORK CITY TOMORROW

Mayor Hylan Unopposed for Democratic Nomination—Four Republicans Seek Place.

NEW YORK, Sept. 12.—A four-cornered fight for the Republican nomination for Mayor overshadows all other features of the primaries tomorrow. Mayor John P. Hylan is unopposed on the Tammany Hall ticket, but there are a number of contests for minor offices.

Nearly 1,125,000 enrolled Republican and Democratic men and women will be entitled to vote, the Republican registration being 643,630 and the Democratic 531,167.

The Republican nominees are: Maj. Henry H. Curran, war veteran, lawyer, former newspaper reporter, Yale graduate and now President of the Borough of Manhattan.

Maj. F. H. La Guardia of Manhattan, former Congressman, President of the Board of Aldermen and an airman during the war. Judge Rueben L. Haskell of Brooklyn, prominent in politics in that borough, who was elected a County Judge last year on a wet platform. Former State Senator William M. Bennett of Brooklyn, a figure in borough and State politics, who unexpectedly wrested the Republican nomination for Mayor from the late Mayor John Purroy Mitchell four years ago.

Maj. Curran is the nominee of the coalition-Republican forces and has the endorsement of the regular Republican machine. Maj. La Guardia is at present outside the pale of the regulars. Judge Haskell, also an outsider, has made an issue of the prohibition question. Bennett is opposed to old line Republicans fusing with Coalitionists.

As all four nominees have been good vote-getters in previous elections, political students predict a close contest. Brooklyn, with the largest registration of any of the five boroughs and with two candidates in the field, is regarded as the pivot of the situation.

While Tammany has redesignated Mayor Hylan for another four-year term, all has not been harmonious in the wigwag and Leader Charles F. Murphy has a number of insurgent fights on his hands.

The Socialist and Prohibition parties, who will have tickets in the election Nov. 2, have no contests in the primaries. Jacob Panken, a Justice of the Municipal Court, is the Socialist nominee for Mayor. The Prohibitionist has designated George Kenneth Hinds.

GETS STOVE POLISH IN EYES

10-Year-Old Boy Accuses Woman of Throwing Bucket of Material in Face. Jake Bassin, 10 years old, of 1494 North Jefferson avenue, was taken to the City Dispensary Saturday night for treatment of his eyes, which were badly inflamed. He said he was playing with other children in front of the home of Mrs. Mary Boose, 72 years old, 2423 Dickson street, when Mrs. Boose threw a bucket of stove polish in his face.

Some of the polish also struck Sarah Laaky, 7 years old, of 2423 Dickson street, and Sam Lott, 11, 2626 Thomas street, but did not injure them. Mrs. Boose was arrested on a peace disturbance charge. She denied she meant to injure the children.

YOU CANNOT HAVE BEAUTY
If Your Complexion Is Marred by Blemishes

It is a well known fact that beauty cannot be if the complexion is in any way marred by pimples, dark, sallow discolorations. If you suffer from any of these skin blemishes begin at once the use of Black and White Beauty Bleach. This delicately perfumed cold cream compound will make the skin clear, smooth, delicately tinted and remove unsightly blemishes. When applied it forms an invisible coating on the skin. The regular use of Black and White Soap will keep the skin in perfect condition.

Ask your druggist for a free copy of the new Black and White Beauty and Cream Book. If he can't supply you, send his name and address to Black and White, Memphis, Tenn., and a Cream Book will be mailed you postpaid.

Limited Number
of Extra Sizes
Up to 52½

Choice from this splendid group of Suits will result in an extremely satisfactory purchase, for every one of them would ordinarily sell for very much more than the sale price and is up to the minute in style. 300 Suits in all, secured at a radical price concession, from one of America's leading manufacturers, and in a variety of styles that should make it very easy to select a becoming one.

The majority are fashioned on tailored lines in straight-line, flare and cleverly belted effects, with coats in the new length, but the assortment also includes handsome Suits of the dressy type that are beautifully embroidered or fur trimmed.

The materials are llama, tricotine, duvet de laine, Oxford and tweed in the highly favored navy and black, and in shades that are always popular. Examination will prove them to be as expertly tailored as they are smartly designed, and each Suit is nicely lined with silk.

Women's and Misses' Fall Frocks

HARDING WANTS BETTER
LOCAL GOVERNMENTS

Writes to North Carolina Conference Praising Move for More Efficient City Rule.

By the Associated Press
CHAPEL HILL, N. C., Sept. 12.—The tendency to rely on the Federal Government for performance of functions rightfully belonging to local administrative units is deplored by President Harding in a letter written in connection with the conference on town and county administration to be held next week at the University of North Carolina.

The President in his letter says: "My attention has been called to regional conferences on local government which you are about to hold for broad consideration of the social, industrial and technical problems of local government."

"It is a pleasure to record my hearty endorsement of the efforts you are making, and to emphasize the need which I believe exists for an earnest and continuing presentation of these subjects to the people throughout the country. There has been an inevitable tendency, because of the overwhelmingly important work which confronted the national Government to rely unduly upon it for performance of many functions which can only be discharged properly by local and administrative entities. This, together with the further fact of our country's rapid growth and the consequent difficulty of adequately planning local governmental machineries has resulted in a certain inefficiency of the minor administrative organizations which greatly needs to be corrected. It will be corrected whenever the attention of the people is fully aroused and the national genius for administration is effectively applied."

CHICAGO ZOOLOGICAL TRUSTEES
TO INSPECT ST. LOUIS ZOO

Officials Making Plans for Inspections in that City Especially Interested in New Bear Pen.

The Zoological Committee of the Forest Preserve Board and the trustees of the Zoological Society of Chicago will be in St. Louis tomorrow to inspect the St. Louis Zoo in Forest Park, preliminary to making improvements in the Chicago Zoo. They are especially interested in the new pits built here for the housing of bears without cages. The St. Louis Zoological Society will entertain them.

The visitors will include President Daniel Ryan and Commissioner Frank J. Wilson, William M. MacLean, George A. Miller, Dudley D. Plesner, Emmett Whipple and William Buse, and Edmund J. Flannery, chief engineer of the Forest Preserve District. Charles L. Hutchison, James P. Stone, Francis R. Masters, John T. McCutcheon, Noble B. Judah and other trustees will represent the Zoological Society.

Stewart Hodges, one of Chicago's big game hunters, recently returned from a visit to great ecological gardens abroad, will accompany the delegation.

Charles Kenneth From Thoms, By the Associated Press
GENEVA, Sept. 12.—The Swiss Federal Council has accorded extra-territorial rights to Swiss citizens Charles of Hungary, whereby he will be exempt from taxation. It is estimated that the former Hungarian monarch's annual expenditures in Switzerland amount to 1,500,000 Swiss francs.THE DAYS
OF BARTER

THE COMPLETE FOOD
Milk contains every element to sustain human life; it is the one complete food.

But there is no food that requires such delicate handling, such constant care.

From pail to palate, the handling of the milk served at CHILDS is under careful supervision.

Hence the purity and richness of this great food-drink, and its consequent popularity.

The freshness of fragrant milk is in every glass of CHILDS milk.

DOCTOR DENIES SEEING HADLEY, WHO TOLD OF SHOOTING HIM

Says He Was in France in 1919. When, According to Hadley's Confession, He Was Shot in Virginia.

By the Associated Press.
RICHMOND, Va., Sept. 22.—Dr. Jesse Ansley Griffin, who Dr. William Amos Hadley, alleged confessed wife slayer, is said to have declared he shot on the bank of the James River in December, 1919, just before throwing the body of Mrs. Hadley into the water, stated yesterday that he has not seen Dr. Hadley since November, 1916, and that he was in France at the time the murder is said to have been committed.

Denials of this part of Dr. Hadley's alleged confession in which he said he not only took the life of his wife, but believed he killed Dr. Griffin on the same night, was contained in a telegram sent by Dr. Griffin from Los Angeles, Cal., to Sheriff W. Webb Snyder of Henrico County, who has worked to clear up the mystery of the alleged second murder.

Dr. Griffin, whose home address is given as Hollywood, Cal., was found Saturday through a telegram received here from Mrs. Ann Endicott, his niece.

Accepts Call to Pastorate.
The Rev. E. V. Ghidoni has accepted the call of the Fourth Christian Church, Blair avenue and Penrose street, to become its pastor. He has been preaching at the church for several weeks. He is a native of Rome, Italy, and has a degree from the University of Bologna.

A Sale of 2239

Men's Soft Collars 10c Each

This is a broken lot of Soft Collars, remaining from a recent sale, which sold at \$1.50, \$2.00 and \$2.50 a dozen. Choice of madras, reps and silks in high, low and medium styles. Some of these Collars have been laundered and some are slightly imperfect, but at such a low price as this, values are worthy. Special, 10c each.

Men's Furnishing Shop—First Floor.

P. S.—Men's Athletic Union Suits, special, 95c each.

Now Is the Time to

Outfit Your Boy With Furnishings for Fall and Winter

Little boys and their older brothers need most of all plenty of Blouses and Shirts for school.

School Shirts in a variety of good patterns, in madras, striped Oxfords, silk corded madras and various other durable materials. Neckband style and with collar attached. Size 12½ to 14 neckband **\$0.75**

Boys' Blouses of madras and percale in colored stripes or plain white with collars attached and tapeless style. Size 7 to 14 years **85c to \$1.75**

Leather Tams, in red, tan, brown and black, neatly trimmed with plain or embroidered bands; all sizes **\$3.50**

Middy Blouses for the kindergartner, of white galates or plain blue Palmer linen, trimmed with braid and emblems on sleeves. Sizes 4 to 10 years **\$2.50 to \$5.00**

Boys' Belts in black, gray, brown, with good strong tongue buckle; sizes 26 to 32 **\$0.50**

Boys' Furnishing Shop—Second Floor.

P. S.—All boys will be interested in the new displays in the Toy Shop, now located in the Basement.

Wonder Walking Dolls

The Wonder Walking Doll becomes more fascinating every day to little mothers. Each Doll has a name suitable to his or her particular style.

Billy Boy has pink or blue rompers **\$5.50 to \$15.50**
Betty is cunningly dressed in a perky white organdie **\$18.00**
Sonny wears quaint rompers **\$9.50 to \$15.50**

Peggy chooses a cute little pink or blue crepe frock **\$15.00**
Then there is Rosebud and Winter Baby who are equally attractive as their brothers and sisters.

These Dolls are lifelike, but not too heavy for any little girl to carry about. They resemble real babies most naturally, even to the cunning dimples in their knees. Best of all they will walk and say "Ma ma."

Toy Shop—Basement.

P. S.—Special display of new Toys on the First Floor.

Brunswick

When "Three's Company"

Three aren't a crowd when the third is a Brunswick, making a happy evening for the two of you with its lovely music.

All the dear old songs which everyone knows and loves, operate selections, Broadway hits and jazz—The Brunswick plays them all with perfect tone and feeling.

Your father will gladly buy a Brunswick for you when you explain all these features. The musician's photograph—the price you want to pay—convenient payment plan.

Here are four attractive Brunswick Records:

19031 Waits in O Sharp Minor (Ophelia) Leopold Godowsky **\$1.00**

15009 Tommy, Lad (Marguerite) Richard Russell **\$1.25**

0821 Humming-Bird Trot (Widener-Halliday) **85c**

19037 La Capinera (Sir Julius Benedict) (Italian) Virginia Ben **\$1.00**

Virola Shop—Sixth Floor—and Quick Service Record Branch—Basement.

P. S.—We have one of the most complete lists of records to be found throughout the country.

Social Items

Mrs. Eugene Stinde of the St. Regis Apartments has returned from a two months' stay at Charlevoix, Mich.

Mrs. J. A. Berninghaus of 6343 Westminster place will entertain a few friends with an informal bridge party at Glen Echo Country Club Sunday afternoon in honor of Mrs. Berninghaus' birthday.

Mrs. Dorothy Wray of 4375 Washington boulevard, who spent the summer at Alexandria and Fort Snelling, Minn., will visit Mrs. George Smith in Louisiana, Mo., before returning home the latter part of this month. Mrs. Ruth was formerly Miss Louise Buffum.

Mrs. Emmett North and her family of the Buckingham Hotel returned last week from California. Where they have been for several months.

Dr. and Mrs. Amos F. Lewis and son of 4111 Waterman avenue will arrive Wednesday from Canada, where they have been touring in New Brunswick, Nova Scotia and Prince Edward Island.

Mrs. S. S. Eagle of 4361 West The boulevard is expected home in about a week from Chicago.

Dr. and Mrs. L. W. Mrazek and their son, Dr. Lido Mrazek, of 3600 Humphrey street, returned a few days ago from a month's visit at South Haven, Mich.

Mrs. Violet Adams Hall of the Buckingham Hotel, with her daughter and niece, Miss Rose Hall and Miss Rosemary Craig, are in Atlantic City for a short visit.

Miss Louise Cramer of 3114 Allen avenue, who was in Gratiot Beach, Mich., and Chicago, for a month, returned home recently. Miss Cramer will attend National Park Seminary this winter.

Miss Celeste Hughes of 5550 Kingsbury boulevard has returned from a short visit.

GIRL KILLED IN 10-STORY FALL

Witness Says She Had Told of Un-
fortunate Love Affair.

By the Associated Press.

WINSTON-SALEM, N. C., Sept. 12.—While walking on the roof of a 15-story hotel yesterday afternoon Miss Lillian Mitchell, 24 years old, daughter of Edgar Mitchell of Walnut Cave, fell from parapet to the roof over the ballroom, 10 floors below, and was killed. At the Coroner's inquest one of the witnesses said that Miss Mitchell had asked her: "If you loved a man and he loved you and you knew that the marriage could never take place, what would you do?" The witness stated that she advised Miss Mitchell to continue on and to trust to hope. The jury adjourned until tomorrow.

NAVY YARD WORKERS MEET IN PROTEST AGAINST WAGE CUT

Resolutions Adopted at Washington Charges Injustice in Guise of Economy.

WASHINGTON, Sept. 22.—Resolutions protesting against "injustices which are being imposed upon navy yard employees in the guise of economy" were adopted yesterday by a mass meeting of 6000 workmen from the Washington Navy Yard, which met to consider the reduced wage scales recently approved by Secretary Denby.

The department's scale of 73 cents an hour for basic trades was declared to be an "arbitrary reduction" from a scale of 80 cents per hour, recommended by the yard authorities and by the local Wage Board. Under the new schedule, the resolution asserted, weekly earnings of a skilled mechanic would be \$22.20, "which is \$14.48 per week less than the minimum required to support a family of five in health and decency as determined by the Department of Labor."

Copies of the resolution will be sent to President Harding, each member of the Cabinet and to members of Congress, it was announced.

What is Your Viewpoint?

Too many look on Thrift as a system of self-discipline, self-denial, and "doing without."

This is the wrong idea, entirely. Thrift is not giving up what you want. It is one of the best methods known for getting what you want.

What is your viewpoint? Think it over. If it's wrong, change it. Then it will be easier for you to save.

"THE HELL DIGGERS" IS MELODRAMATIC

Charles Ray in "A Midnight Bell" Is Featured at Two Picture Houses.

There is a good deal of melodrama of the old stock company brand in "The Hell Diggers," the week's feature at the Missouri Theater. Wallace Reid is the star in the part of a construction superintendent for a gold dredging company. Others in the cast are Lols Wilson, Alexander Brown, Frank Leigh, Lucien Littlefield, Clarence Geldart and Bud Post.

This picture has more plot and less comedy than most of the Wallace Reid pictures and at times it would appear that this young actor is nursing an ambition to achieve fame as a serious actor. A feature of the production is that for the first time in the movies it shows comprehensive views of the big gold dredging machines in use in Northern California. The young superintendent falls in love with a farmer's daughter. Her father, like many other farmers in the district is an enemy of the gold dredgers because it destroys the agricultural value of the land. The hero, while outwardly maintaining his loyalty to his employers, secretly aids the farmers in their battle against the dredgers. In one scene he has a terrific fist fight with his boss. He wins the fight and the girl, Charles Ray in "A Midnight Bell." Charles Ray, in the screen version of the famous old Hoyt stage comedy, "A Midnight Bell," is appearing this week at the New Grand Central and West End Lyric.

The story is that of Martin Tripp, a rubber heels salesman, who, while in a "tank" town, is notified that he is discharged. By seizing an opportunity to exhibit a bribe brand of salesmanship, he obtains a job in a local store, and also meets the storekeeper's daughter. Learning of the local legend that an old church in the center of the business district is haunted, he pays it a nocturnal visit, and has some "creepy" experiences. The next time he visits the church, he discovers the truth about the "ghosts" and frustrates their attempt to rob the bank. Fighting and gunplay are incidental to this development.

"The Four Horsemen of the Apocalypse" went into its third week at the Shubert-Jefferson yesterday. "Over the Hill" is in its second week at the Liberty.

ADMIRAL MOUNTBATTEN, WHO DROPPED GERMAN TITLES, DIES

Marquis of Milford Haven Was Personal Aid-de-Camp to the King.

LONDON, Sept. 22.—Admiral Louis Alexander Mountbatten, first Marquis of Milford Haven, died here yesterday. He was 67 years old. The official cause of death, as announced in a bulletin, was: "Heart failure, following a severe attack of influenza."

The Marquis of Milford Haven, for many years the personal aid-de-camp to the King, was born in Graz, Austria, in 1854, the son of Prince Alexander of Hesse and grandson of Louis II, Grand Duke of Hesse. In 1884 he was married to his cousin, Princess Victoria, daughter of Louis IV, Grand Duke of Hesse and of Princess Alice, Queen Victoria's daughter. The Marquis was naturalized as a British subject, assumed the title of Prince Louis of Battenberg and entered the royal navy as a naval cadet in 1878. He was successively promoted from this grade to that of First Sea Lord of the Admiralty, from which position he resigned in 1914. In 1917, at the King's request, he relinquished his German titles and assumed, by royal license, the surname of Mountbatten.

PERIODICALS TO BE SHIPPED BY MAIL INSTEAD OF FREIGHT

Postmaster-General Announces Old Plan Will Be Resumed Oct. 1—Big Saving Forecast.

WASHINGTON, Sept. 22.—The practice of shipping monthly, semi-monthly and bi-weekly periodicals by mail, instead of by freight, will be re-established Oct. 1, Postmaster-General Hays announced yesterday. Besides speeding up delivery to subscribers, the statement said it would be possible by handling the periodicals in the regular space and with the regular force and equipment, to save approximately \$268,000 annually.

It was estimated that about 1000 of periodicals will be affected by the change.

The POST-DISPATCH is the only St. Louis evening newspaper giving the Associated Press news service.

DISARMAMENT

President Harding has called the World Powers to meet in a great conference, for the purpose of discussing Disarmament. The world looks with hope to this Conference—it may mean there will be no more wars for many generations—

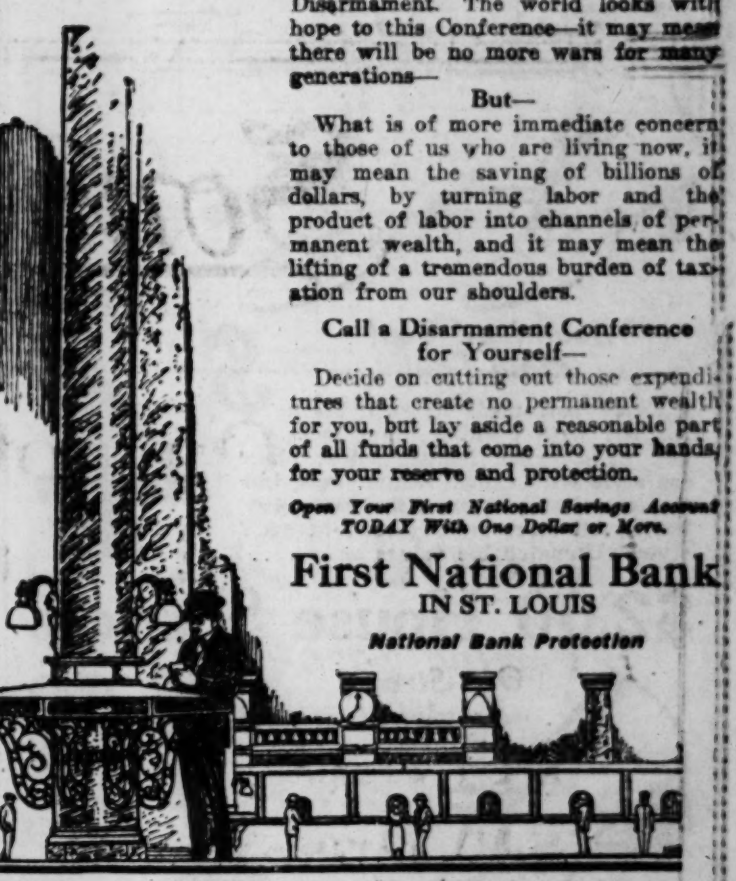

But—What is of more immediate concern to those of us who are living now, it may mean the saving of billions of dollars, by turning labor and the product of labor into channels of permanent wealth, and it may mean the lifting of a tremendous burden of taxation from our shoulders.

Call a Disarmament Conference for Yourself—Decide on cutting out those expenditures that create no permanent wealth for you, but lay aside a reasonable part of all funds that come into your hands, for your reserve and protection.

CHILE-BOLIVIAN
DISPUTE REFERRED
TO A COMMISSION

Feeling of Relief at Meeting
of League of Nations As-
sembly Over Disposition
of Dispute.

ADOR IS ASSEMBLY'S
HONORARY PRESIDENT

Council Begins Work Tak-
ing Up the Polish-Lithu-
anian Dispute; Mandate
Action Urged.

By the Associated Press.
GENEVA, Sept. 12.—Gustave
Ador, former President of Switzer-
land, was elected honorary president
of the Assembly of the League of
Nations today.

In the course of his remarks,
Ador Urrutia of Colombia today
urged a larger degree of publicity
for the league's doings. "The news
of what is going on in the league
must not continue to be, as now, the
property of a few selected spirits,"
he said.

Leon Bourgeois of France declared
there was no reason for the league
to be alarmed by the coming disar-
mament conference at Washington.

Chile has consented to refer to a
commission of three jurists her dis-
pute with Bolivia over the treaty of
1904, which has been the subject of
much heated debate during the pre-
sent sessions of the assembly. The
commission will be appointed as soon
as formal acceptance of this solu-
tion has been received from the Bo-
livia Government.

Getting Down to Work.
With the dispute between Bolivia
and Chile seemingly disposed of for
the present, the assembly expects to
get down to real work this week.

League officials describe the first
week as a "talking period." The end
of this period is expected to come to-
morrow, when the debate on the re-
port of the secretariat of the council
will probably be concluded.

The assembly delegates have
shown undisguised anxiety over the
Chile-Bolivia dispute, and there is
a feeling of relief at its reference to
a special commission and later to the
international court, if necessary. The
relation of the Monroe Doctrine to
the dispute caused general alarm,
and the delegates desired to avoid
any situation where they might be
forced to take issue with this doc-
trine.

Council at Work Today.

The council of the league met this
afternoon and heard delegates on the
Polish-Lithuanian dispute.
Dr. Wellington Koo, president of
the council of the league, has writ-
ten to the French Premier, Mr.
Briand, president of the Supreme
Council, regarding the American
notes on mandates, urging the ear-
liest possible settlement of the ques-
tion between the allies and the
United States so that a final disposi-
tion of mandates may be arrived at.
He refers to the note of Dr. Gasteron
de Cunha, of Brazil, last June, ask-
ing the allies to come to an under-
standing with the United States, and
points out that nothing since has
been heard of the matter except in
the American note. He insists upon
the necessity of prompt recognition
in order to fix the status of the im-
portant territories involved.

Sweden Dismissed but Not on Point
of Quitting League.

By the Associated Press.
STOCKHOLM, Sept. 12.—The
Swedish Foreign Office has denied
reports in German newspapers that
Sweden is on the point of quitting
the League of Nations. It is said
that nevertheless Sweden has reason
to be disappointed in the League of
Nations and that it is quite possible
the subject will come up in Parlia-
ment to whether membership in the
league shall be continued, after the
experience of Sweden in the Aland
Island award.

FLOW PRICES ARE REDUCED

Virginia Company Says Charge
Now at 1916 Figure.

By the Associated Press.
LYNCHBURG, Va., Sept. 12.—The
Lynchburg Flour Co. today an-
nounced a cut in prices on plows and
parts to the 1916 level. President
L. H. McWane stated that this is the
first cut to pre-war prices on the
goods in the United States. With it
the company announced withdrawal of
guarantee against low prices.

ACCIDENT VERDICT
IN DEATH OF MAN
HIT BY AUTO AUG. 30

Driver Testifies He Was
Going at Moderate Speed
When Arthur Olden
Stepped in Front of Car.

A Coroner's jury, investigating the
death of Arthur Olden, 44 years old,
of 1527 Olive street, a laborer, who
died yesterday at the city hospital
from injuries suffered Aug. 30, when
hit at Sixteenth street and Washing-
ton avenue by the automobile of Jo-
seph Mayer, 25, of 2701 McNair ave-
nue, a buyer, today returned a ver-
dict of accidental death.

Mayer testified he was driving at
a moderate rate west on Washington
and when in front of 1609 Washing-
ton, Olden stepped in front of his
car and was hit.

Man, 76, Hurt April 30 in Dodging
an Automobile, Dies.

Joseph Hoffschwelle, 76 years old,
3329 Klein street, a street cleaner,
died yesterday at the city hospital
from the effects of a fall April 30
at Ninth and La Beaume streets. He
was startled by the approach of an
automobile and in hastening to get
out of the way fell and fractured his
left leg. He did not rally from the
effects of the injury and shock.

Automobile driven by Joseph
Snyder, 802 Morgan street, and Wil-
liam Runde, 4929 West Florissant
avenue, collided at 6:30 p. m. yester-
day on Riverview drive. Mrs.
Ruby Brooking, 28, of 2409 North
Ninth street, suffered internal in-
juries, and Harry Fry, 5, living at
the Chain of Rocks, was cut on the
head. They were in the Snyder ma-
chine. Emil Ehlers, 902 Morgan
street, suffered a lacerated scalp
wound and a possible fracture of the
skull. Joseph Ryan, 902 Morgan
street, suffered cuts and bruises.
They were in the Runde machine.

Curtis Faulkner, 5 years old, a ne-
gro, son of Richard Faulkner, 1235
Division street, was struck at 6:15
p. m. on Nineteenth street near Di-
vision street by an automobile driven
by Robert Camp, 21, 2211 North
Twelfth street. His skull and two
ribs were fractured.

Boy Struck by Auto Truck.
Lawrence Golden, a negro, 25,
4329 Maffitt avenue, driving an au-
tomobile truck through an alley in
the rear of 4362 St. Louis avenue, at
2:30 p. m. Saturday, struck Ernest
Delaloye, 17, son of Louis Delaloye,
as he ran out of a rear gate. The
boy's left ankle was fractured.

Mrs. Johanna Hennigan, 66, of
3832 Junata street, suffered frac-
tures of the head when an automo-
bile driven by her son, Thomas, be-
came unmanageable at 5:45 p. m.
yesterday and ran into a tree at
Blow street and Michigan avenue.

A westbound Page car split a
switch at Grand and Page avenues
at midnight and an automobile
driven by Ivan C. Jenkins, 26 years
old, 4217 Cosens avenue, ran into it.
Jenkins suffered a cut on the right
knee and internal injuries. He was
taken to the city hospital. David
Sadler, 33, a negro, 1208 North
Newstead avenue, was thrown from
his seat in the street car and re-
ceived internal injuries. He was
taken to City Hospital No. 2.

Mrs. Rose McKinney of 4121 Clark
avenue was knocked down last night
by an automobile driven by Jesse
Bissel, who lives near Manchester
and Cecelia avenues, as she was
crossing Manchester at Dillon ave-
nue. She was taken to Barnes Hos-
pital suffering from internal in-
juries.

Sunnysuds
Electric Washer & Wringer

Washes thoroughly and gently
Has a swinging 4-position wringer
Built entirely of metal

SELLS FOR \$100

Sells for a price within reach of the most moderate
purse—a price that makes it possible for anyone to
own an electric washer! When you come in and in-
spect the Sunnysuds, be prepared to see a remarkable
washer at a remarkable price. Nothing on it has been
skimped. In fact, the Sunnysuds has radical improve-
ments surpassed by no other washer at any price!

Its sturdy frame is built entirely of rigid pressed steel—
open, white, and sanitary. The standard size six-sheet
copper tub is so designed that a wonderfully efficient
washing action is set up! The hooded sediment zone
keeps the water clean. A faucet outlet drains the tub.

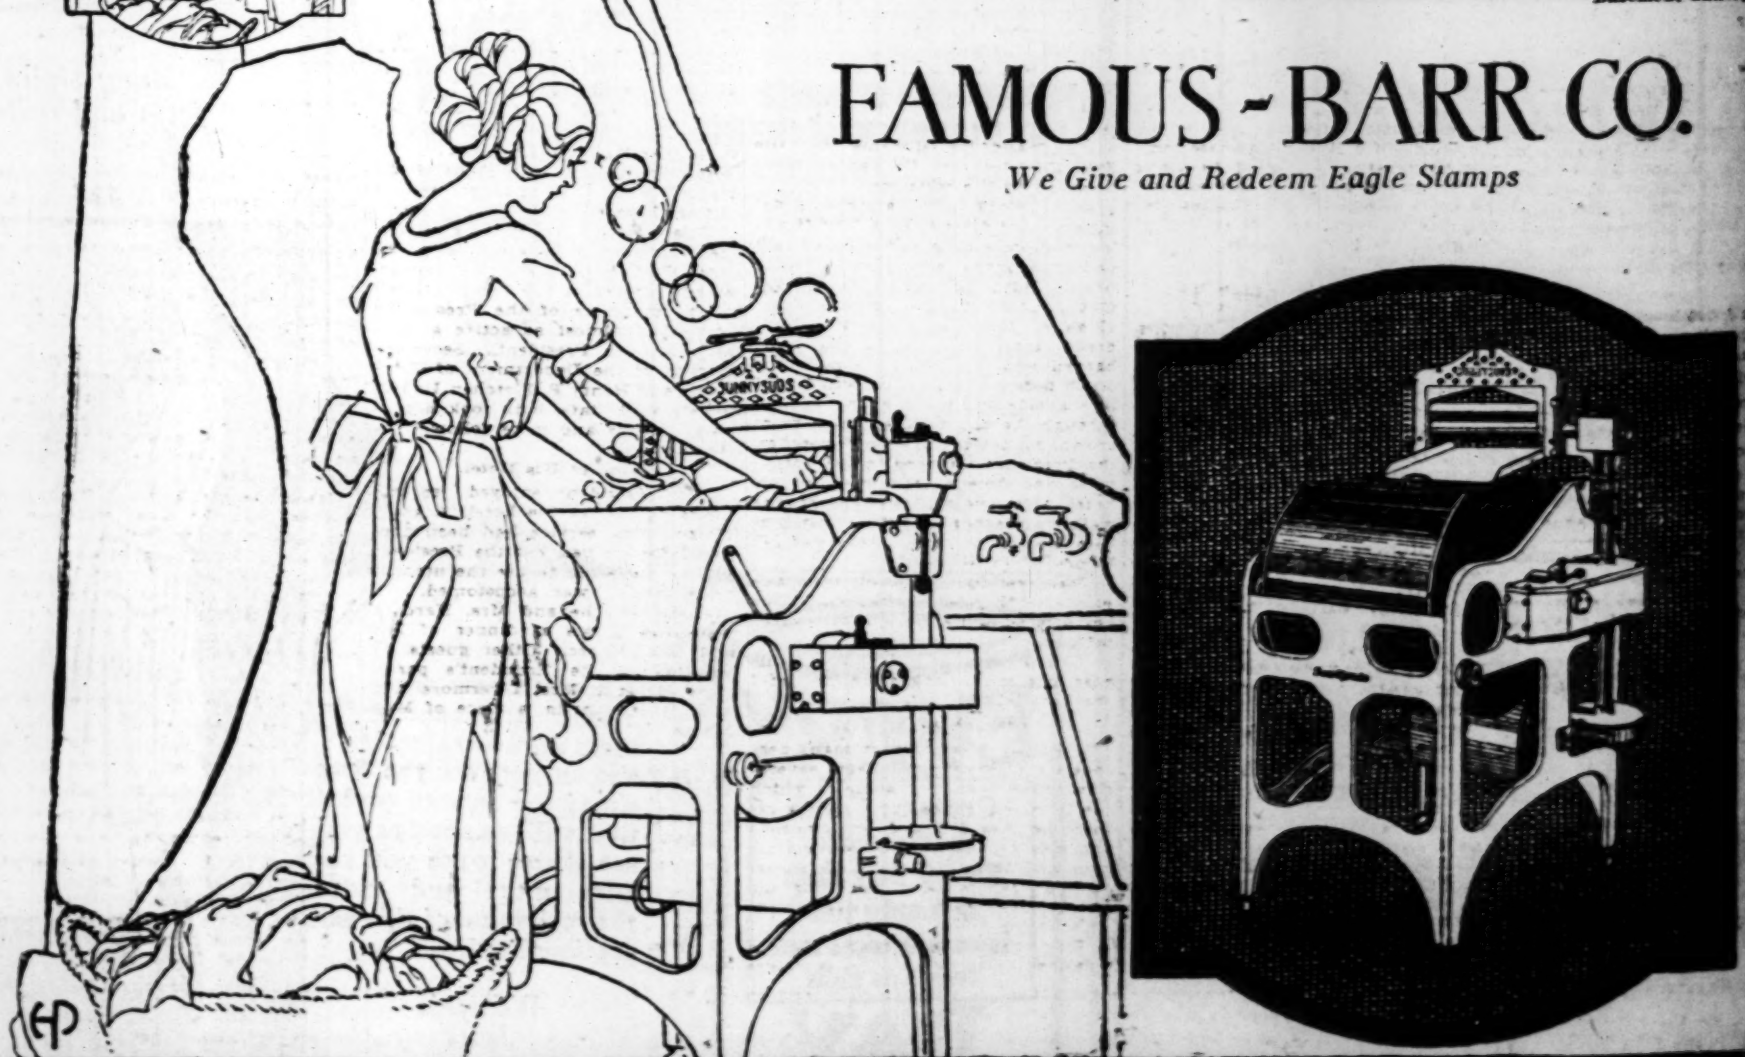

The swinging wringer is aluminum—light, strong, and
easy to keep clean. It is reversible and locks into four
positions.

Come in and see the Sunnysuds. Come in and let us
tell you just how easy are the terms on which we sell it.

PART TWO.

CHILE-BOLIVIAN DISPUTE REFERRED TO A COMMISSION

Feeling of Relief at Meeting
of League of Nations As-
sembly Over Disposition
of Dispute.

ADOR IS ASSEMBLY'S
HONORARY PRESIDENT

Council Begins Work Tak-
ing Up the Polish-Lithu-
anian Dispute; Mandate
Action Urged.

In the course of his remarks,
Gustave Ador, former President of Switzer-
land, was elected honorary president
of the Assembly of the League of
Nations today.

Leon Bourgeois of France declared
there was no reason for the league
to be alarmed by the coming disar-
mament conference at Washington.

Chile has consented to refer to a
commission of three jurists her dis-
pute with Bolivia over the treaty of
1904, which has been the subject of
much heated debate during the pre-
sent sessions of the assembly.

The commission will be appointed as soon
as formal acceptance of this solu-
tion has been received from the Bol-
ivian Government.

Getting Down to Work.
With the dispute between Bolivia
and Chile seemingly disposed of for
the present, the assembly expects to
get down to real work this week.

League officials describe the first
week as a "talking period." The end
of this period is expected to come to-
morrow, when the debate on the re-
port of the secretariat of the council
will probably be concluded.

The assembly delegates have
shown undisguised anxiety over the
Chile-Bolivia dispute, and there is
a feeling of relief at its reference to
a special commission and later to the
international court. The end of the
relation of the Monroe Doctrine
to the dispute caused general alarm
and the delegates desired to avoid
any situation where they might be
forced to take issue with this doc-
trine.

Council at Work Today.

The council of the league met this
afternoon and heard delegates on the
Polish-Lithuanian dispute.
Dr. Wellington Koo, president of
the council of the league, has written
to the French Premier, M.
Briand, president of the Supreme
Council, regarding the American
notes on mandates, urging the ear-
liest possible settlement of the ques-
tion between the allies and the
United States so that a final disposi-
tion of mandates may be arrived at.
He refers to the note of Dr. Gaston
da Cunha, of Brazil, last June, ask-
ing the allies to come to an under-
standing with the United States, and
points out that nothing since has
been heard of the matter except in
the American note. He insists upon
the necessity of prompt recognition
in order to fix the status of the im-
portant territories involved.

Sweden Disinclined But Not on Point
of Quitting League.

STOCKHOLM, Sept. 12.—The
Swedish Foreign Office has denied
reports in German newspapers that
Sweden is on the point of quitting
the League of Nations. It is said
that nevertheless Sweden has reason
to be disappointed in the League of
Nations and that quite possibly the
subject will come up in Parliament
as to whether membership in the
league shall be continued, after the
experience of Sweden in the Aland
Island award.

PLOW PRICES ARE REDUCED

Virginia Company Says Charge Is
Now at 1916 Figure.

LYNCHBURG, Va., Sept. 12.—The
Lynchburg Plow Co. today an-
nounced a cut in prices on plows and
parts to the 1916 level. President
L. H. McVane stated that this is the
first cut to prices on plows on these
goods in the United States. With the
cut the company announced with-
drawal of guarantee against lower
prices.

ROOT DECLINES TO BE CONSIDERED FOR PLACE ON INTERNATIONAL COURT

Cables Geneva Responsibility Is
Too Great for One to Assume
at Age of 76.

GENEVA, Sept. 12.—Elihu
Root has definitely declined to be
considered for election as judge
of the International Court of
Justice. In a cablegram to Dr.
Manley O. Hudson, who is here
in the capacity of American ob-
server, Root declares he would
be unable to serve on the court
because of his age.

The refusal of Root is said to
increase the chance of either
John Bassett Moore or Prof.
Roscoe Pound, two other Amer-
icans, nominated for the court,
to be elected.

Root's cablegram was in re-
ply to a personal message of in-
quiry. He said he deeply regret-
ted he could not serve, as it was
too great a responsibility for one
to assume at the age of 76.

TOKIO SHANTUNG PLANS NOT SUITABLE TO CHINA

Later Country to Refuse to
Entertain Proposals, on Ground
Award Was Illegal.

PEKING, Sept. 12.—China will re-
fuse to entertain Japan's proposals
relative to settlement of the Shan-
tung controversy, it is declared by a
person in the confidence of the ad-
ministration. She will base her ac-
tion on the ground that the award
of Shantung to Japan by the treaty
of Versailles was illegal, and that
Japan has no right to the privileges
in Shantung which were conferred
by concession upon Germany, which
were turned over to Japan at the
peace conference.

It is pointed out that the Japanese
proposals make no mention of the
rights reserved to China under the
German agreement relative to the
redemption of the railways in Shan-
tung.

Japan Said to Be Disposed to Cancel
"21 Demands" on China.

TOKIO, Sept. 12.—Reports from
China that Japan is disposed under
certain conditions, to discard her
famous "twenty-one demands," made
upon China in 1915, were followed
yesterday by an article in the Nichi
Nichi Shinbun, dealing with the
same subject.

The army favors a partial cancel-
lation of the demands, says this
newspaper, provided Japan is per-
mitted to purchase rights and inter-
ests at Dairen, Port Arthur and in
Southern Manchuria by extending
Japan's leases in these regions for
99 years, and provided this ar-
rangement can be completed before
the opening of the Washington con-
ference on limitation of armaments.
Such a lease was provided for in the
"twenty-one demands," and this will
constitute one feature of the recom-
mendations on Japan's program at
the Washington conference and that
of the successful carrying out of
this part of the Japanese program
will be predicated Japan's willing-
ness to withdraw her garrison from
North and Central China, provided
China will open the interior of the
country for foreign trade.

The alleged program also includes
the evacuation of Siberia, after the
conclusion of a Russo-Japanese com-
mercial treaty. Adhering to views
on the project previously announced,
the army is said to favor mutual re-
ductions or even the dismantling of
fortifications in the Pacific.

BURGENLAND REOCCUPIED BY REGULAR HUNGARIAN TROOPS

Austrian Government Fears Partisan
Army of Charles May Attempt
Another Coup d'Etat.

VIENNA, Sept. 12.—Regular Hun-
garian troops have reoccupied Bur-
genland, the strip of territory be-
tween Hungary and Austria, which
was awarded to Austria by the treaty
of St. Germain. Many towns along
the Austrian border are crowded
with refugees.

Italian troops which detained last
Friday at Wiener Neustadt, have re-
ceived orders to proceed to Upper
Silesia.

Senor Torretta, Italian Foreign
Minister, is expected to arrive here
to confer with the Austrian Govern-
ment officials to determine how far Aus-
tria, without violating the recent
mandate from Paris, can go toward
the protection of Austrian interests.
The situation seems to have become
more grave, and it is known that
the Government fears that partisans
of former Emperor Charles of Hun-
gary may attempt another coup
d'etat.

HARDING PLEDGES INFLUENCE TO AID DISABLED SOLDIERS

Not So Much Concerned
About Those Who Came
Out of War Unimpaired,
He Tells Veterans.

SPENDS SUNDAY AT
ATLANTIC CITY

President Strolls Through
Crowds on Boardwalk and
Shakes Hands of Hundreds,
Including Many Children.

ATLANTIC CITY, N. J., Sept. 12.—
A message to former service men
was delivered here yesterday by
President Harding during his Sab-
bath activities at the ocean-side,
which included attendance at
church, an address to veterans of
the Fifth Division, A. E. F., and an
hour's stroll among the boardwalk
crowds.

After attending the Chelsea Bath-
ing Church with Mrs. Harding and
his other guests, the President found
several hundred Fifth Division vet-
erans assembled in front of his
beach-front home when he returned.
Standing on a chair, the President
declared that former service men aid
in solving the problems of peace as
they have those of war.

"There is nothing too good in
America for its veteran defenders,"
said the President. "All America
is proud of what you and your
division did for the world. All Amer-
ica is proud of what our soldiers did
in the critical days of the war."

Apparently referring to the sol-
diers' bonus legislation, President
Harding said that the nation
would spare no efforts to care for
its wounded and its disabled defend-
ers.

"The man who came back wound-
ed and impaired in ability to carry
on the vocation of his life deserves
the fullest aid in our power to give,
and I propose to use all influence I
have to see that he gets it," he said.

"But I am not so much concerned
with those who came out of the war
unimpaired. They have the compen-
sation of supreme service and expe-
rience. You may be disappointed
with matters of legislation, but I
want you to know that we are inter-
ested in your welfare."

"I am not unmindful of the service
you rendered to the country un-
der your former commander, and I
am sure that you will render me the same
faithful service during the years I
am in office. There is still greater
service to be rendered in estab-
lishing national peace. It is up
to you to help solve the problem that
has been thrust upon us by the
enemy from within."

"I want this to continue as an
American opportunity and service,
and as an America of grateful ap-
preciation."

Shakes Veterans' Hands.
The President shook hands with
several hundred of the war veterans
who were accompanied by a band
and a color standard and were pre-
sented by Maj. Philip J. McCook,
Justice of the New York Supreme
Court and president of the Fifth Di-
vision organization. He also shook
hands with hundreds of visitors who
crowded about him as he passed into
his hotel.

Mayor Baser of Atlantic City pre-
sented the President with a key to
the city and Mr. Harding told the
Fifth Division men he wanted them
to share in the welcome.

At 5 o'clock in the afternoon, de-
spite a light drizzle, President Hard-
ing tramped a mile on the boardwalk
and was given enthusiastic recep-
tions. With difficulty he waded
through crowds which pressed from
all sides. He shook hands with hun-
dreds, mostly children, was bom-
barded with flowers and finally the
crush became so great he was forced
into a side street. Circling around
through the city amid applause from
crowds on cottage and hotel porches,
the President returned to the board-
walk and finished the stroll to his
hotel. He was accompanied on the
walk by George Christian, his pri-
vate secretary, and Alexander P.
Moore of Pittsburgh.

The President stopped to shake
hands with many children. One
boy offered him a piece of salt-water
taffy.

"Thank you for your thoughtfulness,
but candy makes me fat," said
the President.

Given Flag by Boy.
From the hotel balcony many per-
sons waved greetings. From several
floors were thrown, some of which
the President picked up. During his
walk he was followed by hundreds
and was kept continually waving his
hand and doffing his hat. He greet-
ed the bathers who ran along the
beach and bestowed his greetings on
all sides.

En route on the wooden walk, the
President met Mrs. J. L. Livermore

Russia's Health Improving, Senator France Says

Typhus and Cholera Brought Under Control in
Face of Desperate Need of Drugs and
Hospitals, He Asserts.

BY JOSEPH IRWIN FRANCE,
Editor St. Louis Post-Dispatch from Mary-
land, Who Recently Has Returned
From Russia.

(Copyright, 1921.)
MOSCOW, July 15 (The Mail).—
The offices of the present Russian
Government are in various parts of
the city of Moscow, in old office
buildings or hotels. Only a very few
of the officials have offices in the
Kremlin and they are only in the
older buildings. The Government of-
ficials avoid anything which might
look like display and seem to have
a special regard for the fine palaces,
public buildings and art treasures,
for the care of which they are now
responsible. They work prodigiously
in the plainest of office live un-
ostentatiously in the simplest of
homes.

The Foreign Office is located in
what was once a leading hotel, and
there is no suggestion of elegance or
even of abundant comfort about it.
Here, shortly after coming to Mos-
cow, I had a talk with the Assistant
Commissioner for Foreign Affairs, Lit-
vinov—youthful, vigorous, aggressive,
well informed on the subject of in-
ternational relationships. He has been
a publicist and has for a long time
been interested in the bringing
about of better political conditions
in Russia.

His questions as to why America
had considered it to her interest to
formulate a policy which did not
look to the advancement of the
friendship between Russia and the
United States were very difficult for
me to answer.

Importance of Far East.
The Far Eastern question and the
relationships which seemed to be
developing to the south of Russia as-
sumed a new importance to me after
I had considered the subject matter of
his most enlightening talk.

I had a long and most interesting
talk a few days later with Leskine,
the Commissioner of Foreign Trade be-
fore the revolution, one of the most
important business men of Russia.
He does not speak English, but
he is a Russian about the possible trade
relationships between the United
States and Russia. He is a man
nearing 60, with closely cut gray
hair and beard and with keen, gray
eyes, which at times burn with the
intensity of his thought and feeling
and then shine with merriment at a
humorous aspect of a grave sub-
ject. He is a realist and an optimist on
the future of the vast country of which
he is one of the ablest and boldest
leaders.

My talk with Dr. Semashko, the
Commissioner of Public Health, was ex-
tremely interesting to me. He is a
quiet man who combines the scien-
tist and executive. His work for the
preservation of lives of the Russian
people during these last most trying
years will cause his name to be
gratefully remembered for years to
come. The manner in which he be-
came a doctor of medicine, and the
ravages of disease, particularly
typhus and the cholera, without dis-

infectants, drugs and the materials
in the absence of which sanitation is
so difficult, will remain as one of the
great achievements of the art and
science of medicine.

Causes of Disease.
Typhus and cholera are diseases
which thrive where there is a lack
of food and cleanliness. Russia was
hungry because there could not be a
distribution of foodstuffs, on ac-
count of transportation and other
difficulties, and there was an actual
famine in more than one place.

Water and sewage systems were
out of repair in many places because
of the lack of pipes for repair work,
and soap was almost entirely lacking
in Russia over a long period. It is
very scarce and expensive in Rus-
sia now. There were even tried sub-
stitutes for soap.

To get control of typhus and chol-
era, which threatened to devastate
large areas of Russia, under such
circumstances, was a stupendous un-
dertaking and could not have been
accomplished but for the remarkable
co-operation effected by the Health
Commissioner's educational campaign.

Dr. Semashko has the walls of his
private office covered with charts
which show the decline in disease
to a consulting position. In other words,
China will be called in whenever her
interests are being discussed, but
the rules of the conference, its prob-
lems and scope will be laid down by
29 men, the same being four repre-
sentatives from Great Britain, the
United States, Italy, France and Ja-
pan, respectively.

When it was first announced that
the United States had sent an invita-
tion to China to attend the Wash-
ington conference, the Japanese won-
dered why the Washington admin-
istration should put China on a plane
of equality with the major Powers.
The Japanese press seemed to see in
the move a desire on the part of the
administration to become the cham-
pion of the world.

The administration, on the other
hand, has from the first sought to
make it clear that the United States
is not entering the conference as the
champion of anything but interna-
tional harmony and peace, and that
in so far as it is necessary to remove
sources of friction and possible
causes of war, America is anxious to
examine the situation and to bring
such controversies, whether they re-
late to Japanese or Chinese pretensions,
Holland and Belgium Disappointed.

The administration was disappointed
in the original announcement, be-
cause of a conviction that no inter-
national conference could be held on
Far Eastern questions without con-
sulting China. The immediate reac-
tion in Japan, however, to the first
stories which linked China with the
great Powers has been such as to
cause the Japanese to point out in
their press and otherwise that the
interests of the conference would be
better served if the major nations
made the rules of the conference and
invited from time to time other coun-
tries to explain their views.

It so happened that Holland and
Belgium were profoundly disap-
pointed to learn that China had
been summoned, whereas Dutch and
Belgian interests in the Far East
seemed to them important enough
to require the presence of commis-
sioners from the Netherlands and
Belgium.

Major-General Leonard Wood and
others of the mission to the Philippines
declared the islands are still without
sufficient resources for the mainte-
nance of a separate, unprotected
government, but that he believed it
contrary to the traditional policy of
the American people to hold an alien
people in subjection permanently
against their own will.

"As Governor-General I devoted
myself to the development of nat-
ural resources, as the Philippine peo-
ple were then and still are without
sufficient resources for the mainte-
nance of a separate government
without protection."

Forbes, with the other members
of the mission to the Philippines, have
sailed for Hongkong, China. The
mission will travel through Korea as
the Japanese Government, follow-
ing which Gen. Wood and other
members of the commission will
return to Manila.

8000 California Oil Workers Strike.

By the Associated Press.
BAKERSFIELD, Cal., Sept. 12.—
Eight thousand oil workers in the
fields of the San Joaquin Valley, Cal.,
struck at midnight because operators
refused to enter into agreements with
the union. R. H. Frazier, vice presi-
dent of the California District Coun-
cil of the Oil Workers' Union, an-
nounced the strike does not involve
the workers of the Standard Oil Co.
and the Royal Dutch Shell Co.

CHINA DENIED FULL PARTICIPATION ON EASTERN PROBLEMS

Washington Decides Dele-
gate Will Be Summoned
Only When Chinese Inter-
ests Are Being Discussed.

ACTION IS VICTORY
FOR THE JAPANESE

Announcement Follows Pro-
tests in Newspapers of
Japan Because Nations
Were on Equal Basis.

By DAVID LAWRENCE,
A Special Correspondent of the Post-
Dispatch.

WASHINGTON, Sept. 12.—Japan
has won her first big diplomatic vic-
tory in connection with the coming
international conference at Wash-
ington. The administration has de-
cided to limit the larger conference
here to Great Britain, France, Italy
and Japan, while relegating China to
a consulting position. In other words,
China will be called in whenever her
interests are being discussed, but
the rules of the conference, its prob-
lems and scope will be laid down by
29 men, the same being four repre-
sentatives from Great Britain, the
United States, Italy, France and Ja-
pan, respectively.

When it was first announced that
the United States had sent an invita-
tion to China to attend the Wash-
ington conference, the Japanese won-
dered why the Washington admin-
istration should put China on a plane
of equality with the major Powers.
The Japanese press seemed to see in
the move a desire on the part of the
administration to become the cham-
pion of the world.

The administration, on the other
hand, has from the first sought to
make it clear that the United States
is not entering the conference as the
champion of anything but interna-
tional harmony and peace, and that
in so far as it is necessary to remove
sources of friction and possible
causes of war, America is anxious to
examine the situation and to bring
such controversies, whether they re-
late to Japanese or Chinese pretensions,
Holland and Belgium Disappointed.

The administration was disappointed
in the original announcement, be-
cause of a conviction that no inter-
national conference could be held on
Far Eastern questions without con-
sulting China. The immediate reac-
tion in Japan, however, to the first
stories which linked China with the
great Powers has been such as to
cause the Japanese to point out in
their press and otherwise that the
interests of the conference would be
better served if the major nations
made the rules of the conference and
invited from time to time other coun-
tries to explain their views.

It so happened that Holland and
Belgium were profoundly disap-
pointed to learn that China had
been summoned, whereas Dutch and
Belgian interests in the Far East
seemed to them important enough
to require the presence of commis-
sioners from the Netherlands and
Belgium.

Major-General Leonard Wood and
others of the mission to the Philippines
declared the islands are still without
sufficient resources for the mainte-
nance of a separate, unprotected
government, but that he believed it
contrary to the traditional policy of
the American people to hold an alien
people in subjection permanently
against their own will.

"As Governor-General I devoted

Underwood, Democrat, Named Delegate to Conference, on Record for Disarmament

Senator From Alabama Stated Views in
Speech May 24, Declaring War Costs
Threaten Breakdown of Civilization.

By the Washington Correspondent
of the Post-Dispatch.

WASHINGTON, Sept. 12.—Oscar
W. Underwood of Alabama, leader
of the minority in the Senate, who
has been named by President Hard-
ing as the Democratic member of
the American delegation to the con-
ference on reduction of armaments
and Pacific problems, is on record
for world disarmament as the only
means of preventing a threatened
breakdown of the present civiliza-
tion.

In a striking speech in the Sen-
ate on May 24 last, when amend-
ments adding \$10,000,000 to the
pending navy bill were under dis-
cussion, Underwood declared that
taxation had reached a point where
it came dangerously close to con-
fiscation of property, and that
"You may say that only relates to
a very few American citizens," he
said, "but when you once establish
the principle that through taxation
you can confiscate the means of
the mouth of war becomes more
and more greedy, the brackets at
the bottom will begin to weaken,
and the area of confiscation by tax-
ation will increase."

"That may not be so threatening
in these sovereign states of ours,
but it has reached the point of
confiscation in Europe. I see but
one way to avoid it. There is a way
out, an absolute way out. Remove
the burdens of war preparation and
the world can work itself out and
pay the war indebtedness of the
past and work back to the point
where the great masses of the peo-
ple are no longer oppressed by the
burden of taxation and where what
a man earns by his daily toil or his
genius may be retained in large part
for his old age and the care of his
family in the future for the up-
building of his country and the
reaching out of the civilization of
his day and time to higher ideals."

Will Destroy Civilization.
"But if this burden of military
preparation must continue for two
generations longer, then, in my
judgment, it will become so over-
whelming that in the end it will
destroy the civilization of the world
and the onward progress of civiliza-
tion must stop, because
the world will not be able to carry
its great burden of war indebtedness
and war preparation and at the same
time advance the progress of civiliza-
tion."

The administration disagreed with
the theory that the United States should
set an example by disarming, re-
gardless of what the rest of the
world might do. That was a Chris-
tian ideal, he said, but it was not
the right theory, but the wisdom
had been proved by the fact that
while we practiced it for the 56 years
preceding the world war, the other
nations of the world went on piling
up their armaments.

The responsibility rested with
the Republican party, Underwood
went on, to take some affirmative ac-
tion looking to an international un-
derstanding on armaments.

"I want to say to you, gentlemen,"
he said, "that unless you solve this
one question of the future peace of
the world, you will fall in your duty
to the country, and the country will
repudiate you for that failure."

"You have taken over the control
of the Government with the greatest
burden of indebtedness that it has
ever faced. Today the burden of
taxation is bearing down upon the
home of every man, be he rich or be
he poor, whether it stalks in under
the guise of an income tax or with-
out. The burden of the world war
is an indirect tax on what he
must buy in order to sustain life and
health. The majority party can pay
the war indebtedness, as they should;
they can solve this problem within
the decade if they are ready and
prepared to relieve the American
people of the burden of preparedness
for future wars."

Must Raise \$4,000,000,000.
"It is today necessary to raise at
least \$4,000,000,000. More than half
of that must be paid for past wars;
at least a fourth of it is for prepa-
ration for future wars. If that fourth
were used to pay our past indebted-
ness, to wipe out the burdens of the
wars that have passed, to bring the
generations of the future to a point
where they may work for a civil-
ization, and not for the destruc-
tion of humanity, a great ad-
vance would be accomplished for the
civilization of the world."

"We have tried the policy of dis-

armament alone, and that policy
found us unprepared when a war
nation struck at our throats. Three
years ago there was not a flag in all
the world that carried under its
folds greater moral power than did
the Stars and Stripes. Have you
abandoned that for which the flag
stood?"

"I am not urging you to go back
to a League of Nations or to a ratifi-
cation of the Treaty of Versailles.
You have decided that question;
you have adopted your policy; but
because you have adopted a policy
that negatives the Treaty of Ver-
sailles and its covenants does not
prevent you from advocating a pol-
icy in the councils of the world that
will insure the peace of the world in
the future."

Underwood was speaking just after
the White House had given con-
sent to the passage of the Borah re-
solution proposing a conference of the
three great naval Powers, Great
Britain, the United States, and Ja-
pan, and before the President had
issued his call for the larger confer-
ence scheduled to meet Nov. 11.

Underwood said he was not de-
lighted, he said, "to know that the leadership of the Re-
publican party has concluded not
to resist further the proposal of the
Senator from Idaho, because it is the
only way to save the world from the
burden of the world war taxation
against the burdens of war taxation
in favor of the peace of the world
for the future."

People Will Force Action.
"I believe that there is a force at
work in this country that is even
greater than the power of the Gov-
ernment, and that is the great heart
throb of the American people, who are
almost unanimous in their cry for
'Peace! Peace!' and if you do not act
and act aggressively, you will lose
the peace of the world, that pervading
sentiment in the hearts and minds
of the American people will in the
end force you to do so."

Referring again to the huge sums
expended for wars past and future,
Underwood said:
"Can you see in power face that
proposition and expect to be sus-
tained by the American people? Are
they willing to affirmatively, un-
reservedly and unconditionally, stand
for the great principle of the disar-
mament of the world and the future
peace of mankind? In my judgment,
they can resist, but they cannot
greatly oppose the problems that
rest on your shoulders to solve."

Underwood was born in Louisville,
Ky., 59 years ago, and came into
Congress in 1901. He was elected to
Birmingham, Ala., district, in 1905.
He has served continuously since.
In the latter part of his service in
House, prior to his election as
Senator from Alabama, he was the
leader of his party, then in the ma-
jority. The tariff measure which is
now operative bears his name. He
made a reputation for his energy for
expediting business. It was his cus-
tom as leader to let a debate run on
till he felt it had gone far enough,
then to take the floor, make a suc-
cinct summing up

Four in Auto Drowned in Canal.
By The Associated Press.
BUFFALO, N. Y., Sept. 12.—Four persons were drowned last night when a closed automobile in which they were riding went into a canal on the river road, about a mile beyond the city limits. The dead are: Mrs. Ferdinand Humm, Frank Humm, her brother-in-law, Mary Humm, his daughter, and Frank Hohn, all of Buffalo.

Washington Records Earthquake.
By The Associated Press.
WASHINGTON, Sept. 12.—An earthquake, described as very severe, was recorded early yesterday at the George town University astronomical observatory. The tremors began at 11:30 o'clock at night and continued until 2 o'clock. The observatory estimated the center of the disturbance to be about 1700 miles south of Washington.

FUNERAL FOR RUSSELL C. GROSS
Philadelphia Drafted in Place of Bergdoll Was Killed in Argonne.
By The Associated Press.
PHILADELPHIA, Pa., Sept. 12.—Funeral services were held here yesterday for Russell C. Gross, the young Philadelphian who was killed in the battle of the Argonne, after having been drafted into the army in place of Grover C. Bergdoll, the notorious draft evader.
The body of the young man in a casket covered with flowers, was borne to the cemetery on an artillery caisson through crowds that lined both sides of the street. Nearly every building along the three-mile route, displayed American flags.

LARGE CROWDS AT SKINKER FUNERAL

Military Procession Follows Church Services for Captain Killed in Argonne.

The funeral of Capt. Alexander Skinker, in Christ Church Cathedral yesterday afternoon, and the military burial in Bellefontaine Cemetery, were attended by large gatherings.

Capt. Skinker commanded I Company, 138th (St. Louis) Infantry, in the Argonne battle of September, 1918, and was killed while personally making an attack on a machine gun nest. The Congressional Medal of Honor, highest decoration of the American army, was awarded posthumously to Capt. Skinker for this act of bravery and self-sacrifice.

Members of Skinker Post, American Legion, and the color bearers and pallbearers, marched from an undertaking establishment at 233 Olive street to the cathedral, at Thirteenth and Locust streets, before the church ceremony.

The burial service was read by the Rev. George E. Norton, rector of St. Michael and All Angels' Church. Members of the family attending the service were Thomas K. Skinker, father of Capt. Skinker; Mrs. Caroline Skinker, Capt. Skinker's widow, and three sisters, Mrs. Claude Matthews and Misses Bertha and Isabel Skinker.

The Rev. Mr. Norton delivered a short address in the cathedral, praising Capt. Skinker's patriotism, his ideals of service and his fidelity to the men of his command. The cathedral choir furnished music.

Following the church service, the funeral procession moved to a point on Florissant avenue near the cemetery entrance, where it met and was merged into a military parade in which members of various American Legion posts, a company of Jefferson Barracks soldiers and a company from the First Regiment, National Guard of Missouri, took part.

Casket Carried on Caisson.

The casket, draped with flags and decorated with wreaths, was then placed on a caisson. A long line of persons on foot followed the procession into the cemetery, few automobiles being permitted to enter. The American Legion band played funeral and religious music on the march to and from the grave. The firing squad which fired the final volleys over the grave was composed of former members of I Company. The final ceremony was within a roped-off space, the Rev. Mr. Norton conducting the service.

R. E. HAMMEL SUED BY WIFE

Divorce and Injunction Against Stair Company Officer Asked For

Mrs. Estelle M. Hammel of 3200 Barrett street, today filed suit to divorce Rudolph E. Hammel, secretary-treasurer of the Missouri Stair Co., 4205 Forest Park boulevard. At the same time, she filed a petition for an injunction against the Manchester Bank, to prevent the withdrawal of any money on account by her husband, or the removal of any of the contents of his safe deposit box.

Mrs. Hammel's petition states that her husband is worth \$100,000. They were married in Nashville, Ill., in 1911, the petition says. The wife charges that Hammel, in the last 10 months, was abusive toward her, stayed out nights, and that when last Tuesday, she saw him with a woman and remonstrated, he sneered at her, telling her to get a divorce if she wished.

WARE WASTE AND WEAR WELL!

Human Bodies Are Poisoned by Their Own Waste. Most Illnesses Are Preventable.

The human body has to be heated and fine foods burned inside the body produce much waste. All this waste should be removed from the body regularly, thoroughly, daily, by the eliminative organs,—which are the bowels, kidneys, skin, and to some extent the lungs. These should act in harmony — if the bowels are inactive, extra effort is required of the others, which easily become deranged. Many medicines will force bowel action temporarily but the after-effects are harmful. Many remedies are advertised, some of which have proven year after year to be reliable, efficient, and without harmful action or effect. Take Beecham's Pills for example. For over 70 years Beecham's has been a household word all over the world. 70 years of use by all sorts of folks, men, women and children, have proven first that Beecham's Pills do what is claimed for them; second, that they are harmless, do not produce bad effects. Some medicine forces Nature to unnatural action. Other medicine like those contained in Beecham's Pills assist Nature, act mildly, persuade and hence produce no harmful effects. It is common to find families in which Beecham's have been used by several generations, their use handed down from father to son and from mother to daughter. That's the best possible recommendation for any remedy. Every druggist sells Beecham's, is glad to do so because he knows that their reputation has been won by merit.

What Count Armour's Driving Features Play at Title Golf Course

Scotch Star's Display of Accuracy Indicates He Will Make Strong Bid for Honor.

H. C. EGAN IS DUE TODAY

Veteran of Former Tournaments Will Lead Strong Contingent From Pacific Coast.

The putting of Roger Lord of Algonquin and the driving of Thomas D. Armour of the Lothian Burn Club, Scotland, were the high lights in yesterday's practice over the St. Louis Country Club course. Lord made the best score of the day, 72, and Armour, playing his first round of the links, was getting great distance from the tees. On the seventeenth hole he drove to the bunker guarding the green, a distance of more than 200 yards. He stroked the course in 74.
Armour and William R. McKay of the Carnoustie Golf Club, Scotland, arrived late Saturday. Yesterday George von Elm of Salt Lake City, Trans-Mississippi champion, and Rudolph Wilhelm of the Waverly Country Club, Portland, registered at the country club. H. Chandler Eggen, twice winner of the national amateur title and four times Western amateur champion is expected today.
Wilhelm, with B. E. Stein of Seattle, played with Walter Kosman and Jimmy Marston. Each member of the foursome was in the low 70's.
Kenney and Lord win.
Chris Kenney displayed better form than he has been showing during the week and he and Roger Lord finished two up in their foursome with Armour and McKay. The card of the two-Scotch stars follows:
Armour, out—
5 3 4 4 4 5—26
In—4 3 5 4 5 4 5—28—72
McKay, out—
6 3 2 4 3 4 5—39
In—4 3 6 4 5 4 4—37—76
Armour's playing was the chief topic of conversation at the end of the day's practice. He showed ability at executing all kinds of shots and at more of a stylist than Willie Hunter or Raymond Swift, the English players.
There was rhythm to his swing and he showed mastery of every club in the bag. While practicing drives into the polo field when waiting for their turn to play, he gave an exhibition of fancy shots, hook and slicing and placing the ball wherever his companions asked him to put it. If he can practice this uncanny ability to make the ball obey his will during the tournament he will be a formidable contender for the title. Many of the spectators yesterday predicted that he would go farther than Willie Hunter, but the little Englishman, who has won much admiration through his perseverance, has his share of backers.

Clarence Wolff, along with Hunter, took a day of rest. Hunter was exhausted by the hot sun of Saturday and had begun to show signs of being "over-golfed." Wolff spent an hour or so hitting practice balls into the polo field.
Wolff shows a novel club.
Wolff is trying to decide whether he will use in the tournament a wooden club, of unusual model, with which he has had excellent results in several practice rounds. The club at first glance appears to be a brassie. The hitting face, however, is convex, whereas ordinarily wooden clubs have flat or concave hitting surfaces. The stick was made by Auterlonie, professional at Algonquin. The bulging face of the club was designed for use as good result when the point of contact with the ball is near the toe or heel of the club head, as when contact is in the center. The theory has worked out excellently in Wolff's case. Though nine golfers out of 10, examining the club, express the belief that it would increase the tendency to hook or slice, Wolff has used the club from the tees at least through the fairways. The club called a "bulger."

ALTON REGAINS LEAD IN TROLLEY LEAGUE

Alton regained the lead in the Missouri-Illinois League yesterday defeating the Tri-Cities, 3-1, while East St. Louis was noosing out the Tri-Cities, 2-1, in a 12-inning contest. The Wiles-Chapmans and Maxwells were idle because of wet ground. Both games yesterday were featured by good pitching.

The standings:

Club	Won	Lost	Pct.
Alton	13	7	.650
Maxwell	13	7	.650
East St. Louis	13	8	.610
Collinsville	11	9	.550
Tri-Cities	6	11	.350
Wiles-Chapmans	8	12	.400

CAMP PERRY TEAM IS LEADING IN TOURNEY

By The Associated Press.
CAMP PERRY, O., Sept. 12.—Camp Perry casual team was leading last night in the shotgun team matches of the National Rifle Association contests which opened yesterday, with eight teams entered. The team of the University of Michigan, by a score of 457 out of a possible 500. Kentucky was next with 442, Minnesota with 435, Montana and Illinois 424. The matches are to be continued throughout the week with daily competition.
The R. O. T. C. team match which was finished late yesterday, was won by the University of Michigan, with a total of 454 out of a possible 500.

ADVERTISEMENT

After Vacation Peel
Your Discolored Skin

Women returning from the seashore or country with browned, reddened or freckled skins will be wise to immediately take up the mercurized wax treatment. Weatherbeaten skin had best come off, for no amount of "beautifying" will ever make it pretty to look at. The surest, safest, easiest way to shed the discolored cuticle is with the treatment suggested. Put the wax on before retiring, as you would cold cream, and rinse off next morning with warm water. Minute particles of scurf skin peel off day by day, gradually showing the healthy, youthful skin beneath. One ounce of mercurized wax, obtainable at any drug store, is enough to make any discolored or spotted complexion clear, white and satiny soft. Its action is so gentle no harm is caused and the face shows no trace of its use.

Burning heat, irritating winds and dirt are such skin-makers that the daily use of the following astragalin-mercurized wax will keep the skin healthy, supple and clear. Powdered mercurized wax, one ounce, dissolved in witch-hazel, one ounce, used as a face bath this is a splendid wrinkle remover and preservative.

PROTESTANT CHURCHES
"ONE-MAN CONCERNS"

Most Institutions Here Found
by Investigators to Be In-
adequately Equipped.

The Church Federation of St. Louis, which has begun to give out some of the findings of fact in the social and religious survey undertaken two years ago to determine the task of the Christian church in St. Louis today announced the present equipment of the Protestant churches for that task as shown by its data.

Detailed information furnished by 114 of the 194 Protestant churches went into the compilation of the facts. In the opinion of the Rev. Dr. H. Paul Douglas, field director of the New York Committee on Social and Religious Survey, which is financing the work in part, the St. Louis statistics indicate that the average Protestant church in St. Louis is dealing in religion in a small retail way, is a one-man establishment and that man rather poorly paid and engaged in a narrow round of activities undertaken with limited equipment.

The number of departures from this average are few," Dr. Douglas said. "The city may be said to be lacking in auspicious examples of originality in religious enterprise. Definite comparisons with other cities cannot be made, for no such survey has been made elsewhere. In fact, St. Louis was designated by the Interchurch World Movement, which originated the survey, as likely to develop facts which were common to most cities of its class."

Chief of the findings of fact in the survey were the following: Eighty-two per cent of the churches are "one-man" churches, the pastor being the only paid worker. Thirteen per cent have assistant pastors under some designation and 34 per cent have women workers, usually for making visits among members.

Fifty-three per cent of the pastors have a college and seminary education, regarded as desirable in all candidates for the ministry; 18 per cent have been still further educated, while 28 per cent have had either no college or no seminary education.

Twenty-three per cent of the pastors have been in their present charges under five years. Sixty-five per cent have been in their pastorates between two and eight years. Seven per cent have been in the same pulpits more than 20 years. As to time in the ministry, the largest percentage, 24 per cent, have been in the ministry for from 20 to 30 years, indicating that long experience has been required for them to reach pastorates here. The second largest percentage, 13, was recorded by those who had been from 18 to 20 years in the ministry before reaching St. Louis.

Most Salaries Under \$2500. Seventy-three per cent of the ministers receive under \$2500 a year salary, yet 38 per cent of all the ministers have had their salaries increased 50 per cent or more during the period of high living costs. Nine per cent of the ministers receive from \$2500 to \$3000 a year, three per cent receive between \$3000 and \$4500 and 8 per cent receive more than \$5000.

More than two-thirds of the churches have Sunday schools, ladies' aid societies, some form of boys' organizations and a young people's society.

Sixteen per cent of the churches have dramatic clubs. 32 per cent have regular receptions, 20 per cent have an orchestra or band and 11 per cent have Sunday afternoon teas.

Thirty-seven per cent of the churches have a stereopticon machine, 17 per cent have a motion picture machine, 14 per cent have electric signs, and a small number, less than one-tenth of the total churches, have various equipment, such as a printing plant, day nursery and swimming pool.

Fifteen per cent of the churches have reading rooms and baths within their church group of buildings.

A report of such phases of the survey as now are complete will be made Wednesday in the Planters Hotel at an all-day meeting of the Advisory Committee composed of 50 of the city's leaders in social and religious work. Work remaining to complete the survey also will be discussed. The Rev. Dr. C. R. Watson of New York, executive secretary of the New York Committee on Social and Religious Surveys, and

Miss Marie Higley, associate director of the City Survey Department, will attend the meeting.

Plan for the scenery to be placed along the west side of Twelfth street, between Olive and Market streets, for the Centennial celebration period, beginning October 5. A wire screen will be placed in front of the sidewalk, and the scenery, facing east, will be in front of the screen. On the block from Market to Chestnut streets will be shown the first church built in St. Louis; on the block from Chestnut to Pine, the old Missouri Hotel and adjoining houses; and on the block from Pine to Olive, the homes of early settlers. The scenery will be the background for civic celebrations.

MORE TRUTH THAN POETRY

By James J. Montague.

BABY, BYE.

Baby, bye.
Here's a fly.
Fairly sneezed with tacitly.
Which he will
Round him spill
Making babies ill.
Germs of cold, germs of "flu"
He will scatter over you.
Small he is.
But, gee whizz!
What the brute can do!

Baby, bye.
Here's a fly.
Crafty hearted, slick and sly.
He don't care
How or where
He pollutes the air.
If he lights upon your chin,
Better call the doctor in,
Lest you quake
When you wake
With a tummy ache.

Baby, bye.
Here's a fly.
See his cold, malignant eye;
Be discreet,
Keep his feet
Out of what you eat.
You'd as safely let him park
Near your person as a shark.
Should he tread
On your head,
Swat the rascal dead.

ONE OF WOUNDED
SERIOUS CONDIT

Captured After They
Gone Through Gate
Were About to Try to
cape on Engine.

Jefferson City, Sept. 11.—Four convicts escaped from the Missouri State Penitentiary at 10 o'clock this morning after knocking a guard and a shop foreman into insensibility, but were recaptured. Three were shot by guards. One probably died, but the other two were slightly injured.

The convicts were Joe Kennedy, Sam Taylor and Hogan. Kennedy was shot in the body and dangerously wounded. Kennedy and Hogan were through the legs, and Taylor was uninjured.

The four were employed in a coal mine. They surprised a guard on duty in their shop. Taylor, who took from him his revolver and beat him over the head with it. The shop foreman, Leslie Don, rushed to the assistance of the guard. He was unarmed and attacked by the convicts.

Left Men Unconscious. Leaving Taylor and Gordon unconscious on the floor, the convicts ran from the shop across the prison yard, a distance of 300 yards, to an engine house, where they were captured. Guards on the walls called Deputy Warden's office for help. Guards on the walls called Deputy Warden's office for help.

Through the gate and were toward the switch engine without intention of using it. Kennedy escaped from the prison. He was captured on the Dec. 21, 1918, by climbing over a wall, but was recaptured six days later.

Kennedy, according to prison records, was in the escape six years ago when Ed Jenkins, a warden, was killed.

Hogan escaped from the prison six months ago through a new escape plan. He was captured soon after his escape.

All four of the convicts were in the Missouri State Penitentiary. Kennedy is serving a life term for burglary and term for burglary. Hogan is serving a three-year term for burglary. Taylor is serving a five-year term for burglary. Hogan is serving a five-year term for burglary.
